臺灣介入性心臟血管醫學會 10041 台北市中正區忠孝西路一段 50 號 18 樓之 34

© Format for submitting Challenging Case(s)

Please follow below instructions to assure a correct and complete submission.

1. The author should specify the category to which he/she is submitting.
2. The case should include general information as well as lab data and be presented in the usual format as in any case presentation or case competition meeting.
3. The authors' name and hospital affiliation **should not appear in the submitting file or flash drive, so blind review could be processed. 10 points will be deducted if you violate the rules.**
4. The case's cine images should be included and playable during the full-screen playback of the file in the open review.
5. The case presentation should be informative and self-illustrating, including the crucial skills and devices used or any in-procedure complication.

© Notification of Acceptance

The Scientific Committee of the TTT 2024 will review all submitted challenging cases for oral presentations in the case competition sessions. The authors of accepted challenging cases will be acknowledged by e-mail and the results will be posted on the website by **November 10, 2023**.

Evaluation of submissions will be based on quality, clarity, relevance, and educational value of their cases. (See the Evaluation Standards below) Selection of submitted cases for final oral presentations will be blinded: the Committee will review submissions without access to the authors' name or hospital affiliation.

The Scientific Committee will choose four finals for each case category for oral presentation in the TTT 2024. Each presenting author will be allowed an 8–9-minute oral presentation time. The First-Place winner will receive an award of 10,000 NTD. The Second-Place winner will receive an award of 6,000 NTD.
